Ex. 6 Personal Privacy (PP)

Dear Dr. Waterhouse,

On behalf of 11 Puerto Rican organizations, please find attached a letter highlighting new and glaring concerns about AES-PR and the urgency for EPA to take swift action to protect communities who have been contaminated for nearly two decades. These impacted groups also request a meeting to discuss these issues, and the enforcement needed from EPA before AES-PR escapes liability for cleaning up its enormous mess on the island due to its coal ash waste.

Sincerely,

Nathan Park
